

In 2003, Egbert and Sally Hensley made a trip to the Grant United Methodist Church in Grant, la., to talk with the church

administrative council, of which Miner was a member, about how to start an after-school program. With MUMMs encouragement, Grant UMC began Time to Create in March 2004. They have been operating ever since. Now, Miner brings this experience, as well as her faith, energy and many years experience as a marketing communication professional and community volunteer, to MUMMs.

Both Egbert and Miner ask prayers for this ministry as it begins its next chapter. Egbert will continue working as a consultant to cover events in the works and to ensure a smooth transition. But please, let Miner know where MUMMs is needed by contacting her at (712) 370-5068 or cminer5068@gmail.com.
